

The implementation of **ESC** clinical practice guidelines meeting **Heart Failure Cardiomyopathy**

JIYEH
GOLDEN TULIP HOTEL
JIYEH MARINA
12-13 June 2015

EUROPEAN
SOCIETY OF
CARDIOLOGY

Dear Colleagues,

The Executive Committee of the Lebanese Society of Cardiology, since its mandate in June 2013 and follows the request of the European Society of Cardiology the continuing medical education program of the National Societies, will renew the spirit of the regional scientific meetings.

Our planned symposium in Jiyeh on June 12-13 will be one of a series of symposia, which will be enrolled across all Lebanese regions up until the end of our mandate in June 2015. The program for the June meeting will be dedicated on the European Guidelines for CVD Prevention and includes Hypertension, Cardiomyopathy and Heart Failure.

Looking forward for your active participation,

Sincerely,

Nicolas Moussallem, MD, FESC, FACC
President, Lebanese Society of Cardiology

Friday 12 June 2015
